

# Our Spring 'Working with Others' Morning

28th March 2018

The whole school took part in our Easter themed WWO morning. All the children were mixed up randomly and worked with children from other year groups and in different

classrooms. We spent time playing WWO games to get to know each other and then started our Easter challenge!

Our challenge was to work together in small groups to make an Easter egg basket. All the children worked well together; sharing ideas, listening to each other, taking turns and sharing and problem solving to complete the challenge. All the baskets were amazing!

We then went on an Easter egg hunt to find our eggs and collect them in the baskets. All the baskets held up and the children were able to take their Easter eggs home.

Thank you to all the parents who donated eggs for the Easter egg hunt, they were very much appreciated!

At the end of the morning we then went into the hall to show off our baskets and to sing an Easter song that we had learnt with our group. The 'Spring Chicken' song had actions and the groups took turns to sing.

A great morning and an opportunity for all our children to show off their amazing WWO skills that they have been developing!

Well done to all children and staff!

"My team were good at making the basket together. We discussed who was going to do what. It held 6 eggs, it was good!" Chloe

"We were all good at talking to each other and listening too. We all said our ideas." Henry

"I liked it because I made new friends." Megan

"The best was the Easter egg hunt. One of the big children helped me find an egg because I couldn't see it." Monty
