

Reading

The following sentences are linked to your child's current keyword list. It is really important to recap any previous lists at all times and then work on reading each relevant sentence. This can include all previous sentences before their relevant list.

Please encourage your child to track, with their finger, under each word as they read.

Discuss what each sentence says and ask questions to check they have understood what they have read. For example:

Biff got on the mat.

Adult: What did Biff do?

The next keyword list can be requested by emailing your class teacher.

Please ensure that your child is able to read their current list by sight as flashcards, as opposed to reading them on the grid. Children are very good at remembering where words are and they then find it challenging to read them in sentences.

The sentences can be cut out and made into a book. The children can draw or find a picture to go with the sentence.

Free access to eBooks can also be found at:
