

Personal, Social and Emotional Development

We have been playing together with adults to work on our negotiation and turn taking skills.

Communication and Language

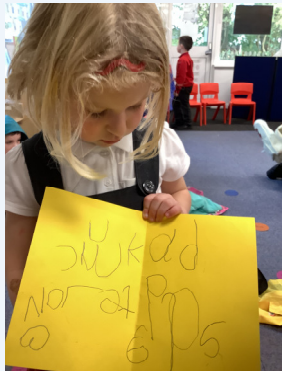

We have been working on our listening skills and responding to each others idea in whole class and group discussion.

Physical Development

We have been managing our own self care needs and practicing taking our shoes and socks off in our PE lessons.

Literacy

We have been exploring early mark making in our phonics lessons and in our play.

In Reception we have been...
November 2024

Mathematics

We have been practicing subitising and comparing groups of up to five objects. We've been using our counting skills in play.

Understanding the World

We have been talking about how things work and making predictions and observations in Science week.

Expressive Art and Design

We have been exploring media and materials including clay, marbling and painting.
