

History / Design and Technology February 2022

We designed houses in the style of the houses that would have been in London at the time of the Great Fire. We then worked in groups to make a house using cardboard, paint and straw. Then the really exciting bit happened... We had our own Great Fire in our school grounds! It was amazing to watch the fire spread from house to house and on the day there was a strong wind just like in 1666.
